## WELCOME TO CHAPEL ONLINE.

An engaging experience to allow your students to thrive in themselves and their faith.

This 7-week-program covers currently challenging topics for young people, delivered by the Lutheran Youth of Queensland Blue Crew.

### WHAT DOES IT LOOK LIKE?

Well, at this stage we know that school looks different due to the impact of COVID-19. Students are experiencing disconnect and a feeling of loss.

Chapel Online overcomes these feelings through a series of messages, that can **be distributed weekly to your students via our online portal**. Or, you can deliver these messages at your own pace.

Each message has been created with *insight from school community, students and staff* to best support your students during this time.

### WHAT IS A CHAPEL SERIES?

A series is a collection of messages that aim to share a certain point. Our series have been designed to cater for your student needs and provide faith-based content to inspire your students to thrive.

## SERIES OVERVIEW

In the beginning, God had a plan – a plan for you and me.

Yes, you were a part of that. You were always a part of that **bigger picture plan**.

God wanted the best for you and continues to. Because He came first and loved us, we have the chance to love each other through fruits of the spirit: *love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control*.

We are given the chance to live in this goodness and share it, **as history-makers and future-shapers** of our planet.

We **have the freedom to choose to live in goodness** and the future is determined by the actions and decision that we make today.

You are the generation that will lead the new world on the other side of this. You will get to choose what it looks like. How can you be a shaper and history maker of the future?

## MESSAGES

### Part 1: From loss to growth.

If we shift our focus, we can find peace in times of pain. Overcoming anxiousness begins with a change of mindset.

### Part 2: From Comparison to Courage /Confidence

God created us to be courageous and strong. If we get caught in the comparison trap, we start to lose sight of this courage and fall further away from the light. If we turn the energy, we use to compare ourselves to others, into a chance to have courage.

### Part 3: From scarcity to abundance.

God didn't want us to worry! He says to cast all anxiety and worry to him. If we choose to listen to God's commands, we can find hope in the midst of worry. A hope for a better future and a hope for humanity.
