CHOOSE FROM 12 WORKSHOPS ACROSS 2 DAYS

WORKSHOP STREAM A	PRESENTER	DESCRIPTION	PRIMARY	SECONDARY
PRECIOUS PLASTICS	PIERS MOSSUTO FOUNDER PRECIOUS PLASTIC MELBOURNE	This workshop will educate attendees on recycling plastic and machines available for use in our classrooms for prototyping purposes. Attendees will explore an overview of the different plastic types, including what is recyclable and what is not; plus, how-to demonstrate plastics recycling and making parts from recycled plastics. Teachers will engage in the design process to rapid prototype solutions.	✓	✓
RESEARCH INFORMED PRACTITIONERS	PROF DONNA PENDERGAST DIRECTOR ENGAGEMENT ARTS EDUCATION AND LAW	Educators will be presented with research and findings relating to the impact of the Creative Industries in education. Leading researchers will present a series of provocations, the myths associated with creative industry subjects in schools and provide educators with the tools to be evidence-informed practitioners.	✓	✓
AUGMENTED REALITY IN THE CLASSROOM	JULIE PARKER APPLE PROFESSIONAL LEARNING SPECIALIST CHANTELLE SANSNESS LEARNING SPECIALIST ASPIRE LEARNING	Explore augmented reality apps on the iPad that help students connect their learning to the world in new ways. With augmented reality, students can experience just about anything they can imagine. You will need to bring an iPad with the latest OS and the following free augmented reality apps installed, AR Maker, Jig Space, Sandbox AR.	✓	✓
AI IN EDUCATION: OUR NEW TEAM PLAYER	DOUG BRAIDEN COLLEGE PRINCIPAL	Discover a Principal's journey to embedding AI into education, assessment and professional learning. Learn about approaches to AI education and explore ideas for how schools can harness AI tools to support teaching and learning. Explore some of the tools available and discuss considerations for your own school policies.	✓	✓

WORKSHOP STREAM B	PRESENTER	DESCRIPTION	PRIMARY	SECONDARY
BUILDING BETTER HUMANS	PETA ELLIS FOUNDER EVERYDAY ENTREPRENEUR 365	Personal development, self-awareness, personal accountability, and social awareness are key attributes in the creative industry fields. During this hands-on workshop, educators will explore tools, strategies, and techniques to develop students in ways to build better humans – charging them up to make a difference in the world. Tools, take-aways and resources for your school, faculty, and classroom.	✓	✓
MEDIA ARTS CURRICULUM	JULIE PARKER APPLE PROFESSIONAL LEARNING SPECIALIST CHANTELLE SANSNESS LEARNING SPECIALIST ASPIRE LEARNING	Learn how creativity can be used to engage students in the Year 7 and 8 Media Arts curriculum. Participants will create a media artefact using photography, video, music, and drawing to express opinion or to engage an audience. You will need a MacBook with the latest OS and Apple Apps Keynote, Pages, iMovie, and GarageBand installed. There will be some MacBooks available to loan for the workshop.	✓	✓
LEGO ROBOTICS TO ENGAGE LEARNERS AND BUILD TEAMWORK	PETER KELLETT HEAD OF INNOVATION AND ENTERPRISE	This LEGO based engineering workshop will use Spike Prime kits to demonstrate the basics of coding and simple engineering concepts. Educators will be challenged with the problem-based tasks in this hands-on session. Time will also be allocated to explaining FIRST LEGO League and how it can be implemented as either a co-curricular or curricular program in upper primary and lower secondary.	✓	✓
